

# JDC HOMES RESPONSE TO COVID-19

The health and safety of our employees, customers and business partners is a top priority for JDC HOMES. Presently, health authorities are encouraging individuals and businesses to take strict measures to reduce interactions to help slow the spread of the coronavirus (COVID-19). In light of the extraordinary circumstances presented by this pandemic and in support of the public health mandate, this is our current policy:

JDC HOMES continues to closely monitor the risks associated with the coronavirus (COVID-19), and we are taking the responsible and necessary precautionary measures to protect the health and well-being of our employees, customers and business partners. We continue to closely monitor and gather data on this rapidly changing situation from official sources such as The World Health Organization (WHO), Health Canada and the US Centers for Disease Control and Prevention (CDC). We will abide by the federal, provincial and municipal government mandates and Tarion advisories.

During this time, we will be taking specific measures to ensure the health and well-being of all our employees, customers and business partners. For the health and safety of you and our staff, we will be practicing physical/social distancing as our sales office/model homes are now open by appointment only. We are committed to serve our customers the best we can during this difficult time.

Thank you for your patience and understanding as we work to provide you with the best homeowner experience while maintaining a safe environment.

Sincerely,

JDC HOMES
